### SALIENT FEATURES OF THE LOCKER CABINET

#### 1) MATERIAL OF CONSTRUCTION

Each & Every component of the locker cabinets are made from prime quality C.R.C.A. Material on advanced automatic machines.

#### 2) MODULAR CONSTRUCTION

Knock down construction enables quick and precise assembly.

#### 3) SURFACE COATING / FINISH

All the components of the locker cabinets are given a thorough 7-step anti rust treatment and **powder coated** in desired shade. This ensures elegant finish & longer life.

#### 4) INDIVIDUAL INDEXING

Each and every lockable compartment has provision for very elegant indexing/ numbering.

#### 5) LOCKING

Concealed flush type handle with inbuilt locking facility provides total security.

#### 6) VERSATILITY

Locker units can be used in factories, hospitals, educational institutes, commercial organisations, laboratories, sports club, etc.

Right of alteration is reserved for better improvement
