## SALIENT FEATURES OF THE MONORAIL SYSTEM

### MATERIAL OF CONSTRUCTION

Each & Every component of the Monorail System is made from prime quality C.R.C.A. Material on advanced automatic machines.

### MODULAR CONSTRUCTION

Knockdown construction enables quick and precise assembly.

### SURFACE COATING/FINISH

All the components of the Monorail System are given a thorough 7-step anti-rust treatment and powder coated in desired shade. This ensures elegant finish & longer life.

### LOCKING

Concealed flush type handle with inbuilt locking facility provides total security.

### VERSATILITY

Monorail System can be used in factories, hospitals, educational institutes, commercial organisations, laboratories, sports club, etc.
